ERRATUM

Bott Broadcasting Company ("Bott"), hereby submits the attached Figure 2 as a substitute for the Figure 2 included in the engineering statement attached to its reply comments filed in this proceeding on December 8, 1992. The Figure 2 included in Bott's reply comments incorrectly depicts the transmitter sites of Bott's currently-authorized Channel 222A facility and its proposed Channel 222C3 facility. The engineering statement is otherwise correct.

Respectfully submitted,
